

BREED SHOW 2021 - IMPORTANT UPDATE!

Great news - The heart testing clinic at the Breed Show 2021 will be now be subsidized by The Deerhound Club and the Heart Research Fund.

HEART TESTING CLINIC AT THE BREED SHOW-SATURDAY 25th SEPTEMBER 2021.

We are very fortunate that Dr Emily Dutton BVM&S, DVC, MRCVS can attend the show and run our first heart testing clinic in 2021. Deerhounds of any age are welcome to attend the clinic for heart screening.

The subsidized charges are as follows:- An initial echocardiogram will cost £100 and repeat scans £80. The fee to hire the Holter monitor is £100. (These prices are very much lower than those charged outside the Deerhound Clinic).

To book an appointment for this clinic, or if you have any queries, please contact Sarah Helps well before the show - Tel: 07901911769 or E-mail: beardswoodhounds@btinternet.com. Appointments will be given on a first come first served basis. The full cost of the echocardiogram will be payable to The Deerhound Club at the time of booking your appointment.

Please note that you don't need to compete at the Show to have your dog(s) scanned and all results will be passed directly to you and held in absolute confidence.

TO SUPPORT OUR RESEARCH PLEASE MAKE A DONATION TO THE DEERHOUND CLUB HEALTH FUND
